The Bachelor of Ministry is a practice-oriented first-cycle (EQF Level 6) program of theological education in which biblical studies, Christian theology and practical theology are intentionally integrated. Mosaic Christian College understands Christian ministry as theology lived out in practice. Students build knowledge of Scripture and Christian doctrine through biblical, systematic and historical study, and then apply and test that knowledge through practical-theology courses and a supervised ministry internship in discipleship, leadership, communication, pastoral care, mission and Christian service. The program is designed for the faithful practice of theology within the life and mission of the Church rather than for the academic study of theology alone.

Program Learning Outcomes

B1	Demonstrate a foundational understanding of Scripture and Christian thought.
B2	Develop a Christlike character and a commitment to servant leadership.
B3	Apply biblical principles to real-world ministry and cultural contexts.
B4	Communicate the Gospel effectively in written, oral, and digital formats.
B5	Engage in a local and global Christian community with a heart for mission.

■ *Specialization courses are shaded. All other courses are required in every specialization.*

One course on the degree plan is replaced by the supervised Ministry Internship (about 90 hours of ministry in the student's own church or an approved setting), so the total credit hours do not change. This specialization prepares students for pastoral and church-based counseling ministry. It does not lead to state licensure as a professional counselor.
